

NCC Training Course List

Course Title	Duration	Price pp
Composites Introduction and Awareness Courses		
Introduction to Composite Materials and Processes	1 day	£295
Composites Awareness	1 day	£275
Resin Transfer Moulding (RTM) / Resin Infusion Training (RI)		
Resin Transfer Moulding (RTM) and Resin Infusion (RI) Familiarisation	1 day	£295
Introduction to Resin Infusion (RI)	2 day	£590
Prepreg Training		
Introduction to Manual Prepreg Techniques	2 days	£590
Advanced Manual Prepreg Techniques	2 days	£590
Introduction to Prepreg Composites Tooling	2 days	£590
Automated Fibre Placement (AFP)		
Automated Fibre Placement Familiarisation	1 day	£295
Automated Fibre Placement Operator	2 day	£590
Automated Fibre Placement Design	1 day	£295
General Training		
Introduction To Design of Experiments (DoE)	1 day	£295
Advanced Design of Experiments (DoE)	1 day	£595
Composites Train the Trainer Modular Programme	8 days	£3,995
Development subjects for 2017		
Thermoplastics Composites	Jointing and Adhesive Bonding for Composites	
Non Destructive Testing (NDT) for Composites	Composites Repair
