V1.2

## NCC Training Schedule – July 2017 – August 2018

### Why train at the NCC?

The NCC is working with industry and academia to identify, develop and deliver composites training programmes that meet the needs of employers and individuals.

We have state-of-the-art industrial learning facilities providing a unique opportunity for organisations to have staff trained in a realistic and safe environment.

### Group or Bespoke Training

If you have a minimum of 6 delegates, and the current schedule does not meet your business needs we may be able to set up another course date or discuss a bespoke programme to meet your specific learning objectives.

### How to work with us

We have over 40 industrial Members, ranging from Small and Medium Sized Enterprises (SMEs) to global businesses using composites. Membership is divided into Tier 1, Tier 2 and Associate levels. The NCC is also open on a general access basis to any size company on a pay-per-use basis. For more information about our Members and membership options visit [www.nccuk.com/membership](http://www.nccuk.com/membership)
