

## NCC Training Schedule – February 2017 – July 2017

### March 2017

<b>22<sup>nd</sup> March 2017</b>	Composites Awareness
<b>29<sup>th</sup> &amp; 30<sup>th</sup> March 2017</b>	Introduction to Prepreg Composite Tooling

### April 2017

<b>5<sup>th</sup> April 2017</b>	Introduction to Composite Materials, Properties and Processes
<b>13<sup>th</sup> April 2017</b>	Resin Transfer Moulding (RTM) and Resin Infusion (RI) Familiarisation
<b>26<sup>th</sup> &amp; 27<sup>th</sup> April 2017</b>	Introduction to Resin Infusion Techniques

### May 2017

<b>3<sup>rd</sup> &amp; 4<sup>th</sup> May 2017</b>	Introduction to Manual Prepreg Techniques
<b>8<sup>th</sup> May 2017</b>	Introduction to (DoE) Design of Experiments
<b>10<sup>th</sup> &amp; 11<sup>th</sup> May 2017</b>	Advanced Manual Prepreg Techniques
<b>17<sup>th</sup> May 2017</b>	Composites Awareness
<b>24<sup>th</sup> May 2017</b>	Automated Fibre Placement (AFP) Familiarisation

Schedule may be subject to change

Schedule published January 2017

If you have a minimum of 6 delegates, and the current schedule does not meet your business needs we may be able to set up another course date or discuss a bespoke programme to meet your needs. Please contact [training@nccuk.com](mailto:training@nccuk.com) if you require further information.

## NCC Training Schedule – February 2017– July 2017

June 2017	
5 <sup>th</sup> June 2017	Advanced (DoE) Design of Experiments
13 <sup>th</sup> June 2017	Introduction to Composite Materials, Properties and Processes
14 <sup>th</sup> & 15 <sup>th</sup> June 2017	Introduction to Resin Infusion Techniques
20 <sup>th</sup> & 21 <sup>st</sup> June 2017	Automated Fibre Placement (AFP) Operator
July 2017	
5 <sup>th</sup> July 2017	Composites Awareness
12 <sup>th</sup> & 13 <sup>th</sup> July 2017	Introduction to Resin Infusion Techniques
20 <sup>th</sup> July 2017	Resin Transfer Moulding (RTM) and Resin Infusion (RI) Familiarisation

Schedule may be subject to change

Schedule published January 2017

### Why train at the NCC?

The NCC is working with industry and academia to identify, develop and deliver composites training programmes that meet the needs of employers and individuals.

We have state-of-the-art industrial learning facilities providing a unique opportunity for organisations to have staff trained in a realistic and safe environment.

### Group or Bespoke Training

If you have a minimum of 6 delegates, and the current schedule does not meet your business needs we may be able to set up another course date or discuss a bespoke programme to meet your needs. Please contact [training@nccuk.com](mailto:training@nccuk.com) if you require further information.
